5-Day Orange River Adventure - Zastron.

We meet in Zastron in the Free State, close to the Lesotho border (only 600 odd km from Gauteng! A lot closer than any of the other sections rafted regularly on the Orange River), where we'll overnight the first evening, so we can head out to the river early the next morning.

Supper is still for your own account, as a lot of people only arrive late, and have usually already eaten on the road.

We'll supply tents, you only need to bring your own sleeping bag, and toothbrush! 😊

We supply breakfast the next morning, and then also all meals on the river.

After breakfast, on the first morning, we'll transport you to the river, and from here we are on river-time! No rush, just relax, relax, relax!

We paddle everything we need, food, tents, etc. with us. No more civilization!

We supply dry-bags and dry-barrels, to keep your belongings dry. But remember, there is not that much space on the rafts!

The scenery here is absolutely stunning! And there are a few exciting little rapids as well!  
An awesome, relaxed trip where you can enjoy nature at it's best.!

And for families, with younger kids, (from about 6 years) this trip is ideal! We can do the trip with big 6-man rafts, with a guide in your raft, doing the paddling and steering for you!  
Your whole family (2 adults and 2 kids), all together in one raft!

But for families with bigger kids, that is teenagers, we can use our trusted 2-man inflatables, called crocs. Then you paddle on your own. More excitement in the rapids!

The choice is yours!

Price is R3 980 pp for our 5-day trip on the Orange River, all meals on the river included, and also included camping in Zastron the evening before the trip.

If you want to camp again the evening after the trip, before you head home again, that will be for your own account. All meals once we get off the river, will also be for your own account.

**Please enquire about our discounts for families, and big groups!**

We can also shorten the trip, to 3 or even 2 days, or make it longer, if you want to become a real "river-rat" and spend up to 7 days on the river!  
**Ask for more details!**
